

Christian Distinctiveness by Liv and Ellexa

Autumn Report 2019

Our role is to help our fellow students to learn and believe in different Christian ways, not just by praying. We have a responsibility to help our school by teaching and guiding all the children how to show our Christian Values within our work and every part of our school day.

It is a privilege to be part of an outstanding Christian community, where we can learn to show off our reflective personalities. We have opportunities to share our Christian value awards in our golden book assemblies, such as: Courage, Thankfulness, Responsibility, Respect, Trust and Kindness; and our overall Christian Value is Love.

In the Bible, Jesus declared: "Love your enemies and pray for those who persecute you." This is why we should love each other as we love our world and our Lord. When children come to us to nominate someone for an award we talk to them about which value would be the right fit and help them this way.

We also speak to the children about their thoughts and reflections on Worship and keep notes on this. We also inspect our wonderful classrooms and found out more about how the reflection areas are useful.
