

Year 6
Planning Makes Perfect!

What's all the fuss about planners anyway?

Your planner

links school and home

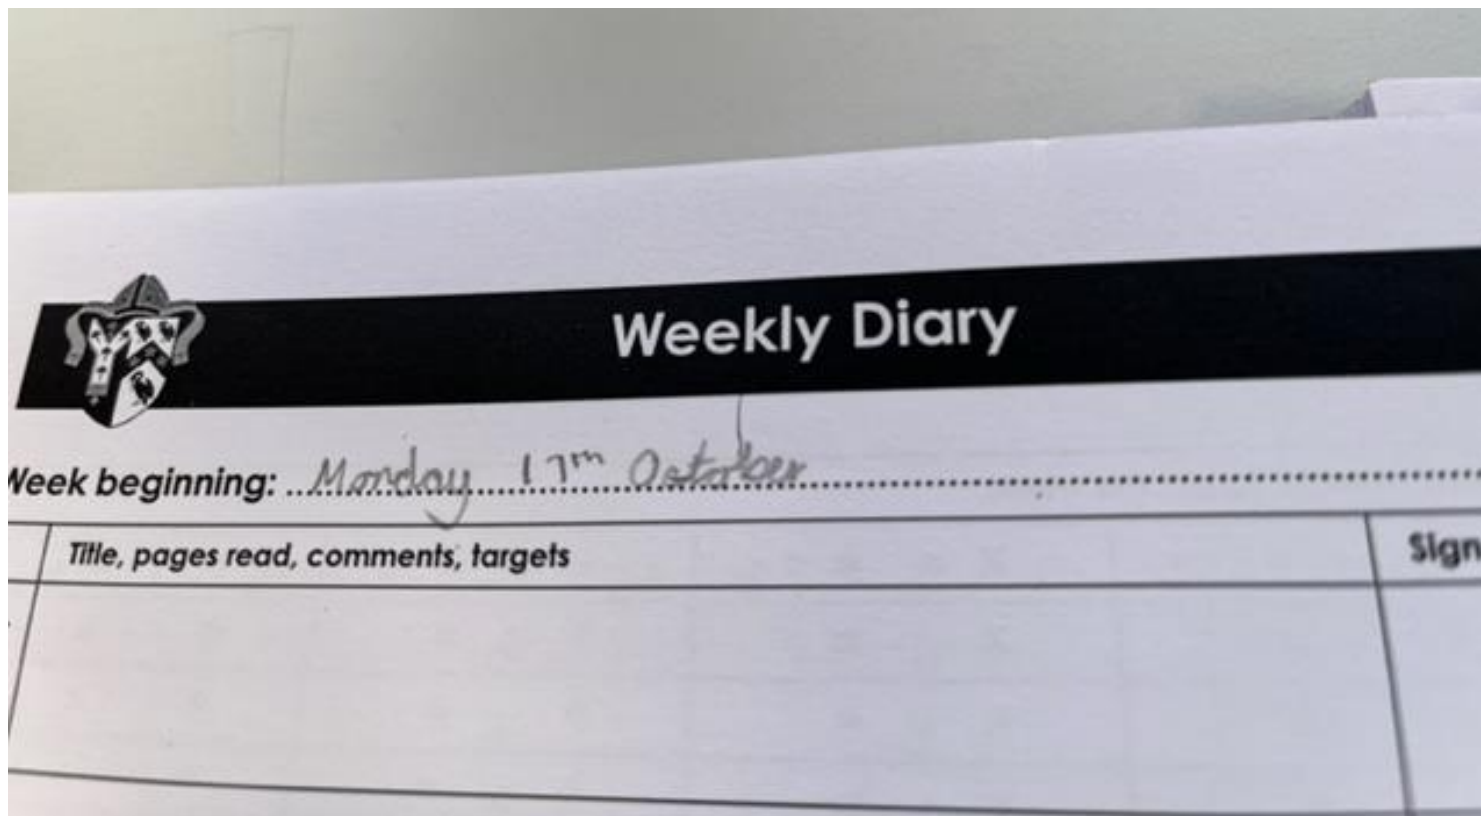

helps you organise your learning

helps you manage your time

encourages you to practice and demonstrate key academic skills
– reading, spelling, times tables and vocabulary development.

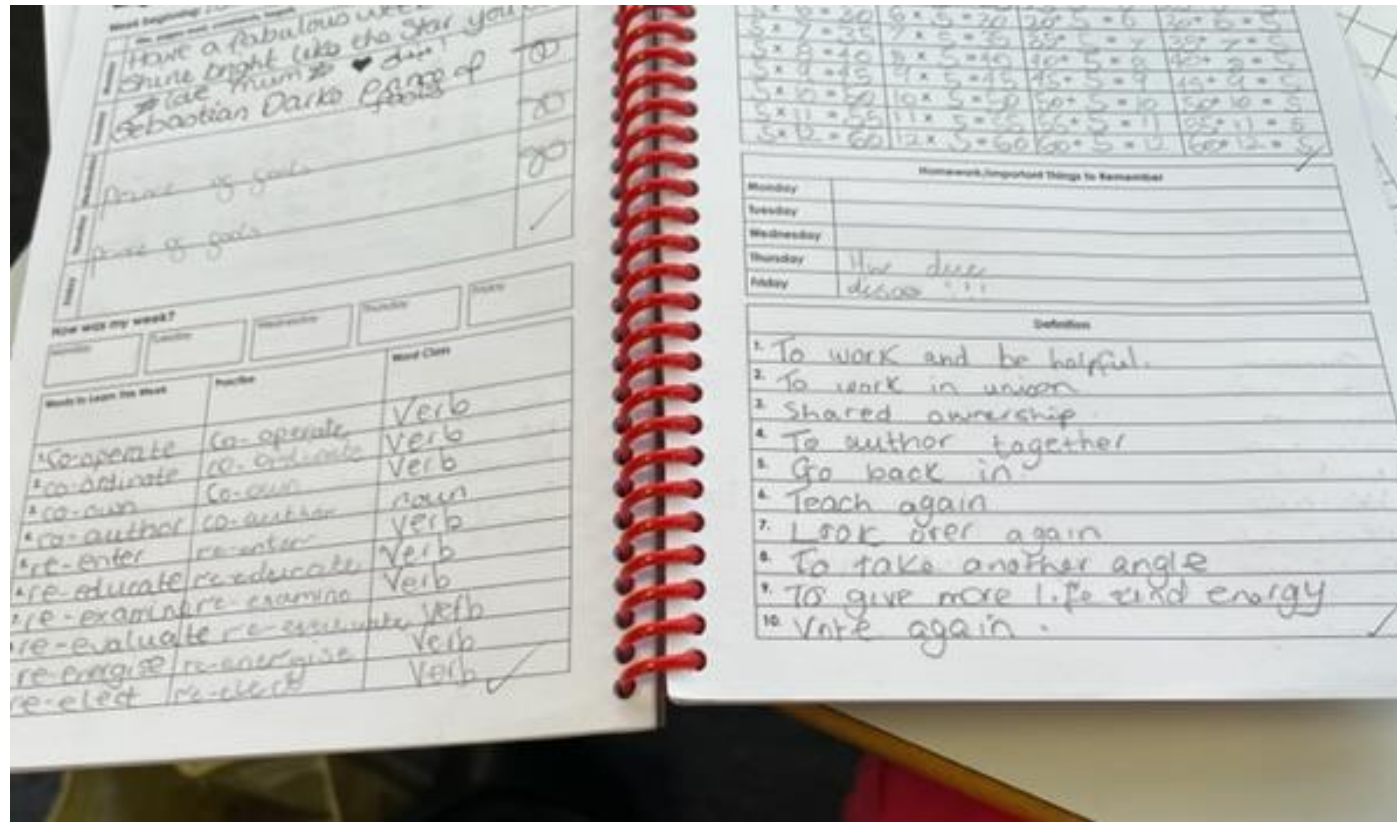

Weekly Diary

Week beginning: *Monday 17th October*

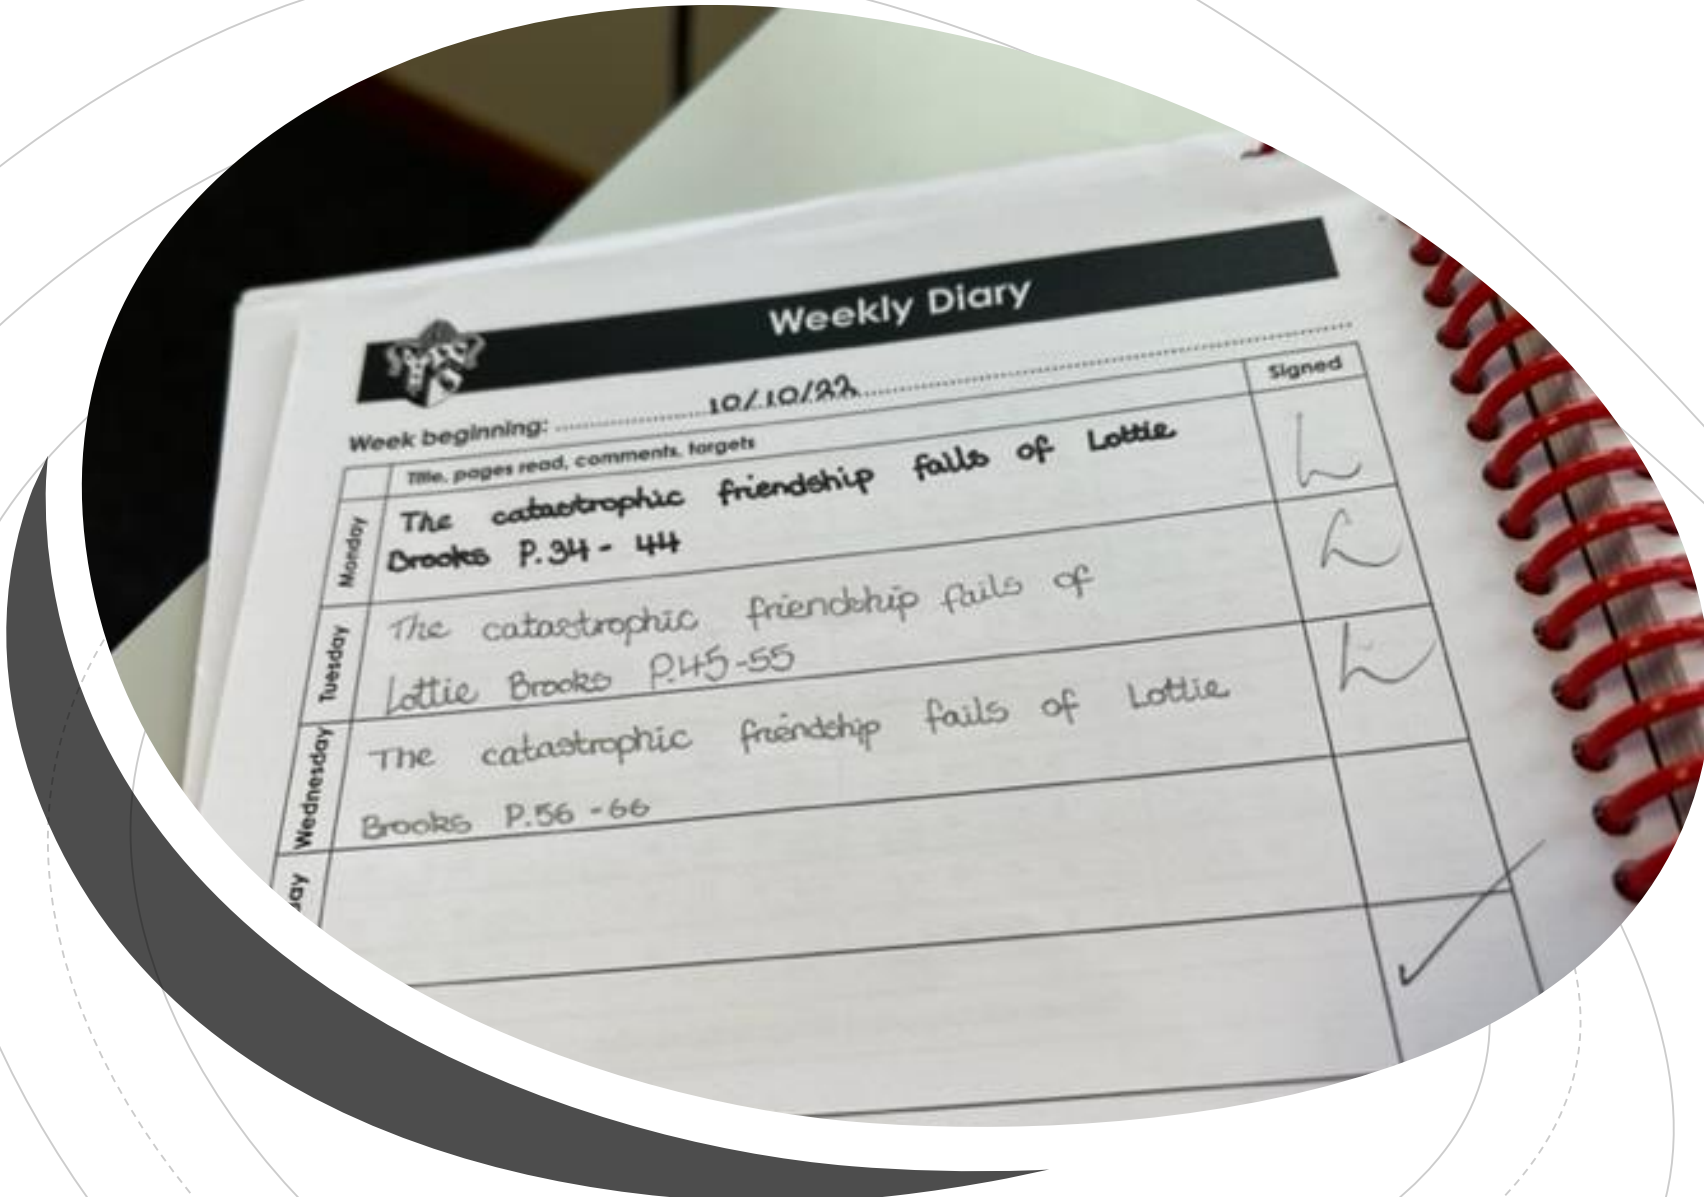

Title, pages read, comments, targets	Signe

Don't forget the date!

Please remember to complete all the parts of your weekly planner pages every week.

Reading Record three separate reading sessions or read 100 pages – ask an adult to initial each session.

Weekly Diary
Week beginning: 10/10/22

Day	Title, pages read, comments, targets	Signed
Monday	The catastrophic friendship fails of Lottie Brooks P.34 - 44	h
Tuesday	The catastrophic friendship fails of Lottie Brooks P.45 - 55	h
Wednesday	The catastrophic friendship fails of Lottie Brooks P.56 - 66	h
Thursday		
Friday		

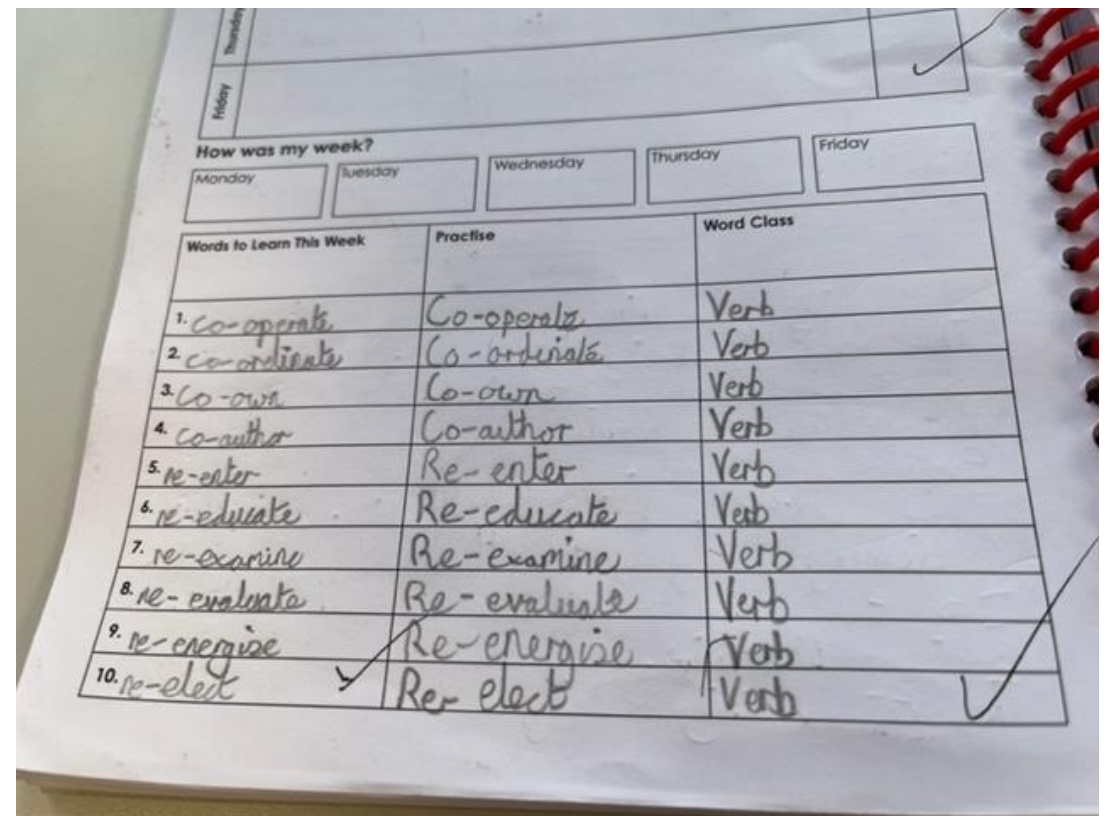

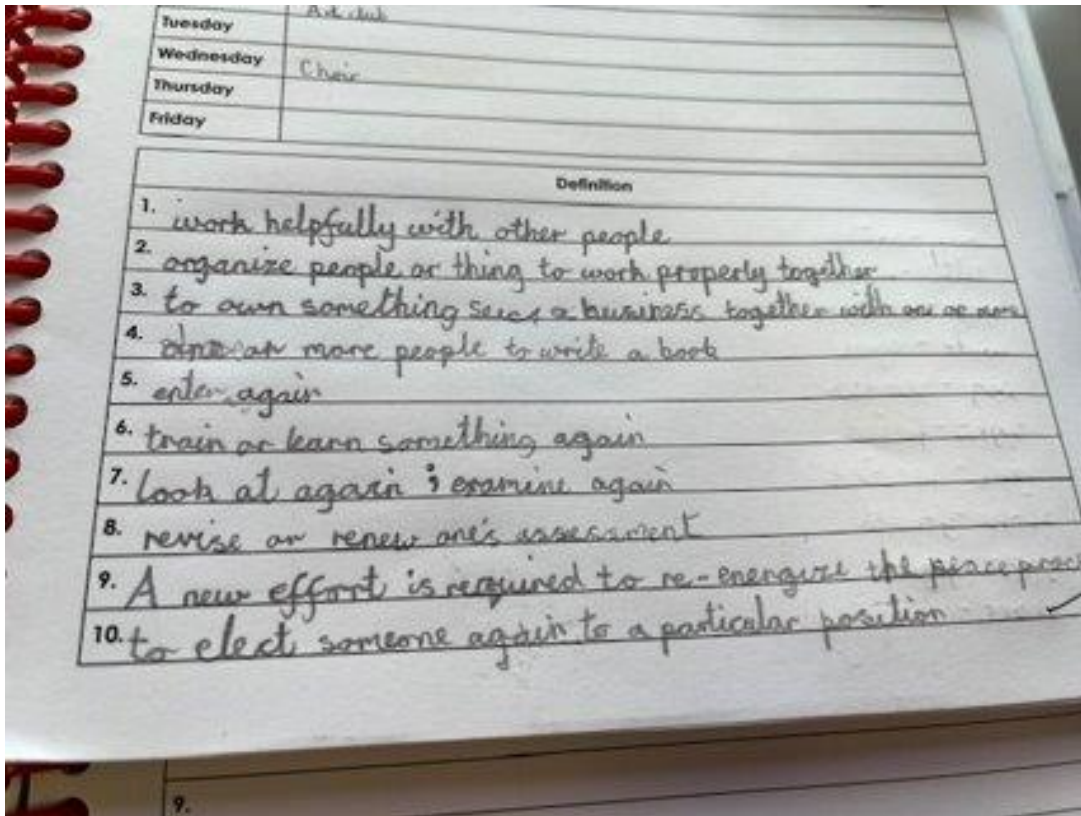

Times tables

Remember to follow the grid horizontally. Basic multiplication is commutative which means the arrangement doesn't matter - show me this:

$$5 \times 4 = 20 \text{ so } 4 \times 5 = 20.$$

We then move to the corresponding division facts. Start with the bigger number otherwise we won't end up with whole numbers as our answers! Division isn't commutative so we can't just swap the numbers. $20 \div 5 = 4$ therefore $20 \div 4 = 5$.

Weekly Spellings.

Practice and put in the word class and definitions. This will support you when using them in the right context in your writing.
 Use a paper or electronic dictionary app – don't just guess.

If you find it difficult to do all the parts of your planner, come to homework drop-in on Tuesday lunchtimes.

It's ok to ask someone to help...

**WE'RE DOING OUR
HOMEWORK TO MAKE
SURE WE'RE PREPARED**

**Thank
you!**
