Introduction

At Archbishop Cranmer C of E Primary Academy we believe that every child should have access to a broad, balanced, relevant and differentiated curriculum. Our 'Culture for Opportunity' and curriculum model, shown below, provides the building blocks and experiences for our pupils to become the best possible version of themselves, taking into account individual pupils' strengths and needs to allow each child to fulfil beyond their potential and 'Strive for life in all its fullness' (John 10:10).

Aims and Objectives

The aims of this policy are to:

- Increase the extent to which pupils with disabilities can engage and participate with the curriculum;
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided;
- Improve the availability of accessible written information;
- Ensure staff training can continue to embed equality and disability awareness training into regular professional development and ensure staff are up-to-date with legal responsibilities and best practices.

Our Accessibility Plan (page 7), has been created based upon the needs of the school and the school site, in conjunction with parents, staff and governors and will advise other school documents, including the Special Educational Needs (SEND) Policy and SEND Information Report. The Accessibility Plan will be reviewed every two years formally, and termly informally, to reflect upon progress and outcomes.

The Accessibility Plan that follows this policy is structured to complement our equality objectives and will be published on our school website. We recognise our statutory duty to ensure that this is monitored, compliant and published under the Equality Act (2010).

At Archbishop Cranmer, we are committed to providing an environment that enables full curriculum access and values all pupils, staff, parents, carers, visitors and our wider community, regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action, in line with the Equality Act (2010), with regard to disability and developing a culture of inclusion, support, awareness and voice within the school.

Our Accessibility Plan shows how access can be improved for those with disabilities in a given time frame and anticipates the need to make reasonable adjustments to accommodate their needs, where practicable.

The Accessibility Plan will contain relevant and timely actions to:

- Increase access to the curriculum pupils with a disability, expanding the curriculum as necessary to ensure pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include handouts, timetables, textbooks and information about the school and school events; the information should be made available in preferred formats within a reasonable timeframe.

The Accessibility Plan relates to the key aspects of the physical environment of the school, our curriculum and written information.

Whole school training will also recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

The following Accessibility Plan should be read in conjunction with the following school policies:

- Equality Objectives
- Health and Safety Policy
- Special Educational Needs and Disabilities (SEND) Policy
- Special Educational Needs and Disabilities (SEND) Information Report for Parents
- Behaviour Policy and Appendixes
- School Improvement Plan
- Child Protection and Safeguarding Policy and Appendixes
- Complaints Policy
- Supporting Pupils with Medical Conditions Policy

The Accessibility Plan for physical accessibility relates to the Access Audit of the school, which was completed by SLT. It may not be feasible to undertake all of the works during the life of the Accessibility Plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be complete by the school to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the on-going period.

Legislation and Guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Monitoring and Evaluation

This document will be reviewed every three years, but may be reviewed and updated more frequently if necessary by Eleanor Hodgson, Special Educational Needs Coordinator, and Melanie Stevens, Head teacher. This policy will be approved by the governing body.

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
