Our Feedback

More Prime Minister meetings

It's great to hear you're enjoying your role in our Pupil Parliament! Be the change you want to see – you can arrange to meet with Mrs Stevens as Prime Minister, or Deputies to share your ideas. If Mrs Stevens is unavailable, why not meet with Miss Robinson or Mrs Hodgson?

Votes, including voting for Prime Minister / Head Girl and Head Boy

We love that you want a say in who leads! We already use a fair system to choose these roles, but we can definitely explore ways to make it more like a real vote so everyone gets involved.

Suggestions / votes for end of KS2 Performance

Brilliant idea! The Year 6 team already think carefully about the performance, but we'll make sure to give you the chance to suggest plays or themes and have a say in the final decision.

More rugby balls and basketballs

We'll speak to our PE team to check what we currently have. If some need replacing or we don't have enough, that's something we can definitely look into. Great suggestion!

More table tennis tables

That's a popular choice! We'd love more too, but we need to think about space and cost. Remember, we have a rota so that more people get a turn!

Warmer classrooms

We know it can sometimes feel chilly. The heating is set across the whole school and we try our best to keep it comfortable. If your classroom feels cold, please tell an adult so we can check it.

More informative assemblies

We're glad you want to learn more! We'll aim to include a bigger variety of topics and if you let us know your ideas for themes you'd like to hear about.

Better toilets

Toilets are really important, and we're always working to keep them clean and working well. If there's a problem, let your teacher or an adult know so we can sort it quickly.

Early finish on a Friday

It would be nice, wouldn't it? But we have to make sure we do all our learning hours for the week. Fridays are already a celebration with Gold Book and Sports Achievement assembly. If you're lucky, your teacher even lets you join 'Friday Funk' – what a way to end the week!

Lower cost of food

We understand that the cost of food is important to families. We keep the costs of our meals as low as we can. If you're worried about this, please speak to your class teacher.

Drama in lessons

Great idea! Drama is a brilliant way to learn. Teachers already include drama in some lessons, and we can think about more ways to do this in class or clubs.

Football league

This sounds exciting! We'll talk to the staff who run sports and see if this is something we could try, maybe starting with a friendly competition.

Un-ban ball games

We know lots of you enjoy ball games! Sometimes they're paused to keep everyone safe. We'll see if we can bring them back with clear rules so it's fun and fair for everyone.

Bigger library

We'd love a bigger library too! For now, we can work on making the space we have even better. If you have ideas for how we can make it more inviting, we'd love to hear them!

More David Walliams books and selection of books

We'll let our librarian know! It's great you want to read more. If you've got specific titles or authors you like, write them down for our book wish list.

Canopy over Table Tennis tables

That would be great for rainy days! It's quite a big project, but we'll pass it on to the people who look after our buildings to see if it's possible in the future.

Annual Fun Run

That sounds like a brilliant event for fitness and fun! We'll chat with staff about how we could plan something like this—maybe with a fundraising twist? If this is your idea, why not speak to our Pupil Parliament or Miss Robinson and we can organise the next event!

Football nets in goals

This one has been mentioned before! We'll see what's possible and make sure anything added is safe and looked after.

An art room

We love art too! At the moment, we use classrooms and shared spaces for art. Having a special room would be lovely, and the Cherry Room is often used for art-based activities.

Offer transport to sports events

We try our best to make sure everyone can take part. Unfortunately this is something out of our control at the moment due to health and safety.

Go on the grass more

We know the grass is tempting! We sometimes have to wait for dry weather to protect the ground. When it's safe and not muddy, we'll make the most of it. Remember, in wetter weather, you can bring a pair of trainers to change into to be allowed on the grass.

Non-uniform on your birthday

That sounds like fun! We'll chat as a staff team and think about whether we could do something like this.

No hands-up policy

Some schools try this to help everyone feel confident. It's something we could explore more. We'll talk as a team and see if it's right for our school.

More lunch choices

Our school already offer 3 meal choices a day with a rolling 3 week menu which is changed regularly with your feedback in mind. If you have any suggestions, please speak to our Catering Leads.
